

Handbook - Feature #11

Documentation

16/10/2009 14:35 - Sven Vanpoucke

Status:	Bug resolved	Start date:	16/10/2009
Priority:	Normal	Due date:	
Assignee:	Stefaan Vanbillemont	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	1.0.0	Spent time:	0.00 hour
Complexity:	Normal		
Description			
We need 3 levels of documentation			
<ul style="list-style-type: none">• User documentation• Developer documentation• Code documentation (http://www.phpdoc.org/)			

History

#1 - 18/10/2009 22:50 - Yannick Warnier

User documentation itself has to be subdivided into 3 documentations: student, teacher and admin (and other roles). Even if the roles are more flexible in Chamilo 2.0, there will still be a need for people to identify themselves with one or more classical profile.

Also, while generating documentation meant to be provided as PDF or office documents, and in order to improve translatability, it is very important to write each chapter in a separate document, then use the OpenOffice.org feature of "master document" in order to join them.

This allows for a quick distribution of chapters through a team of community members that can join efforts to translate a full document simultaneously (for example during a monthly meeting).

Master documents essentially mean joining several documents into one, and only then generating a table of contents. Children documents can be set to define a title of level 1 each, plus a set of subtitles. The original document is then the only one that really require a huge amount of work.

#2 - 05/11/2009 15:28 - Stefaan Vanbillemont

- Assignee set to Stefaan Vanbillemont

We are going to start taking a look at phpdocumentor and other software to make 'something' available as documentation. More to come the next couple of days.

#3 - 18/11/2009 15:48 - Stefaan Vanbillemont

- % Done changed from 0 to 20

Ok, we used Doxygen to generate some code documentation: <http://developers.chamilo.org/>

I think this is sufficient for now. I hope to add some more general information on that front screen.

#4 - 13/01/2010 15:25 - Stefaan Vanbillemont

- Status changed from New to Bug resolved

- % Done changed from 20 to 100

#5 - 01/04/2011 15:08 - Stefaan Vanbillemont

- Project changed from Chamilo LCMS Connect to Handbook

- Category deleted (20)

#6 - 14/04/2011 14:37 - Stefaan Vanbillemont

- Target version changed from 3 to 1.0.0
