#### Description

I've got two suggestions concerning the Attendance Sheet. BTW I'm not sure if I send it in the right place (features 1.8.7 RC1)

1) Is it possible to replace the negative "non attendance" by a positive "% to attend"? I understand that the attendance sheet was created for face-to-face classes. However, I think it's not really right to call "non attended" future classes (in my example, dates from April 23th)

2) Why not to let **students** tick off their attendance themselves? For the moment only tutors (managers/admins) can do it.

- Status changed from New to Assigned

- Assignee set to Julio Montoya

The first one is OK for me.

The second one is great but will have to wait for 1.8.7.1 (or whatever name it has) because it implies adding a choice, and a choice implies adding data to the database, so we can't add it now because we're already in beta (and in any case we have frozen the list of features for now, so only previously scheduled new features can be added at this time)

##### #2 - 10/05/2010 12:25 - Julio Montoya

- File Selection\_002.png added

- Status changed from Assigned to Needs more info

- Assignee changed from Julio Montoya to anna frolova

- % Done changed from 0 to 50

Label changed to: "To attend"

Adding/Changing a variable is a nightmare in the new "DLTT" system...

##### #3 - 12/05/2010 11:25 - Julio Montoya

- Target version changed from 1.8.7 RC1 to 1.8.7.1

- % Done changed from 50 to 90

MANY thanks, Julio! I saw the printscreen, I think it's much better now. I haven't tested yet, I'll test and send my feedback on the weekend.

Suggestion 1 "change label to "to attend"" - works fine!

**#6 - 21/07/2010 19:22 - Yannick Warnier**

- *Target version changed from 1.8.7.1 to 1.8.8 stable*

**#7 - 21/07/2010 19:23 - Yannick Warnier**

- *Status changed from Needs more info to Bug resolved*

It is settled then. Let me know if something more should be there.
