

Chamilo LMS - Feature #1483

Install profiles

09/06/2010 19:43 - Yannick Warnier

Status:	Needs testing	Start date:	09/06/2010
Priority:	Low	Due date:	
Assignee:	Yannick Warnier	% Done:	60%
Category:	Installation / Migration	Estimated time:	4.00 hours
Target version:	2.0	Spent time:	2.42 hours
Complexity:	Normal	SCRUM pts - complexity:	5

Description

Make it possible to record installation profiles by adding a feature to the administration settings page that generates a backup of the database settings (as a PHP array in a PHP file). This profile could later be re-imported through another function of the admin settings page.

As I see it, the script would call a function building an array (in ini syntax?) from the complete list of settings in the settings_current table. This would then be written to a .conf file and sent to the user through DocumentManager::file_send_for_download().

When re-importing the settings, the script would show a warning page informing this could well break the system (like removing the sessions...), then propose a list of all options to be imported for revision, then import the ones selected (all selected by default with checkboxes).

This effectively updates the settings_current table contents

History

#1 - 07/02/2011 01:20 - Yannick Warnier

- Target version changed from 1.8.8 stable to 1.9 Stable

#2 - 01/05/2012 21:08 - Yannick Warnier

- Target version changed from 1.9 Stable to 1.9 RC1

#3 - 11/07/2012 19:29 - Yannick Warnier

- Status changed from New to Assigned

- Assignee set to Yannick Warnier
- Priority changed from Normal to Low
- Target version changed from 1.9 RC1 to 1.9 Stable

#4 - 26/07/2012 19:13 - Yannick Warnier

- Target version changed from 1.9 Stable to 1.9.2

#5 - 02/08/2012 01:09 - Yannick Warnier

- Target version changed from 1.9.2 to 2.0

#6 - 11/08/2015 18:05 - Yannick Warnier

- Category set to Installation / Migration
- Status changed from Assigned to Needs testing
- % Done changed from 0 to 50

I sent a commit that should make it possible (still in testing and not integrated to the interface nor chash)

<https://github.com/chamilo/chamilo-lms/commit/00c59b690fdaa923331ad2ceec1004ccc6519ca9>

#7 - 11/08/2015 19:32 - Yannick Warnier

- % Done changed from 50 to 60

Added recursivity to allow for parent profiles in <https://github.com/chamilo/chamilo-lms/commit/8316506e8c0fade431f49c5874b1775da5d1b25e>
