

Installation - Bug #149

Chamilo installation fails

11/11/2009 16:53 - Nicolas Rod

Status:	Bug resolved	Start date:	11/11/2009

Complexity:	Normal		

Description

The Chamilo installation page (/install) gives a blank page.

Enabling the output of error messages indicates that the file 'chamilo/install/common_autoloader.class.php' is not found by the `__autoload($classname)` method. This file is indeed missing in the folder.
