Still a problem with course list:

Fatal error: Class 'application\weblcms\CourseUserRelation' not found in

C:\wamp\www\chamilogoogle\application\weblcms\php\lib\course\course_list_renderer\course_list_renderer.class.php on line 118

#3 - 18/11/2010 15:11 - Anonymous

editing of most blocks leads to login page, e.g. calendar, feed, etc.;

same with configure (e.g. feed): problem still there (19/11 15h)

#4 - 18/11/2010 16:02 - Anonymous

problem with course list still there when first adding this block, refresh solves it (it is not the buffer!)

#5 - 22/11/2010 15:22 - Anonymous

worse again, error on clicking home after adding course list block:

Fatal error: Class 'application\weblcms\CourseGroupRelation' not found in

C:\wamp\www\chamilogoogle\application\weblcms\php\lib\course\course_list_renderer\course_list_renderer.class.php on line 119
