

Chamilo LMS - Feature #253

Improve SCORM tool to show message when item not found

02/12/2009 22:57 - Carlos Vargas

Status:	Bug resolved	Start date:	02/12/2009
Priority:	Normal	Due date:	
Assignee:	Arthur Portugal	% Done:	90%
Category:		Estimated time:	0.00 hour
Target version:	1.8.7	Spent time:	0.00 hour
Complexity:	Normal	SCRUM pts - complexity:	?

Description

When an item is not found, learnpath::get_link(), case 2 of \$lp_type, not dir, not external (around line 3075), if the check on is_file() is false, then the returned value is just a "?" (the link). This causes the list of paths to be shown in the viewer page.

Fix it to show a nice message saying that the file could not be found, and that may be caused by the SCORM being malformed.

History

#1 - 05/01/2010 22:53 - Yannick Warnier

- Status changed from New to Assigned
- Assignee changed from Yannick Warnier to Julio Montoya
- Target version changed from 1.8.6.2 alpha to 1.8.6.2 beta

#2 - 08/01/2010 16:10 - Julio Montoya

- Assignee changed from Julio Montoya to Arthur Portugal
- % Done changed from 0 to 90

Requires testing:
