Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2.1.0	Spent time:	0.00 hour
Complexity:	Normal		
Description			
in admin->manage default homepage			
1. add a block save it			
2. click on edit for an exiting block the "component" field is not initialized to the previously entered value. The value of the field is the first in list. modify the title save it			
The block's component value is lost unless the user re-enter the value.			
Solution:			
defaults the field's value.
