| Target version: | Backlog (default) | Spent time: | 0.00 hour |
| Description | | | |
| <p>Whatever happened to the unlink-button in the repo (complex objects)? Using that button it was very easy to clean up complex objects for whatever reason. Now one needs to deselect or remove all possible relationships one per one, e.g. publications, children, parents if any.....: this is very bothersome and takes up a long time</p> | | | |

History

#1 - 01/04/2011 14:53 - Stefaan Vanbillemont

- Project changed from Chamilo LCMS Connect to Repository
- Category deleted (4)

#2 - 14/04/2011 13:48 - Stefaan Vanbillemont

- Target version changed from 21 to 2.1.0

#3 - 13/01/2012 14:34 - Stefaan Vanbillemont

- Target version changed from 2.1.0 to Backlog (default)
