Description

Filenames (pages, documents) with 2 underscores in it are not displayed within a SCORM Learning Path. You get a "File Not Found" error.

Some examples:

The requested URL /perspectief/files/scorm/20337/eXehoofdstuk3499a0be61e36c3956e1/Lev_Hfdst3__2_.pdf was not found on this server.

(when using Lev_Hfdst3_2_.pdf instead of Lev_Hfdst3__2_.pdf it works correctly).

The requested URL /perspectief/files/scorm/20337/eXehoofdstuk6499a0be61e36c3acd41/leesactiviteit__evaluatie.html was not found on this server.

(leesactiviteit__evaluatie.html is working fine).
