- Category changed from 30 to 4

can not reproduce bug

I can change parents without problems and I get all the sub-portfolio's in the drop-down list

#### #2 - 21/02/2011 10:54 - Nathalie Blocry

- Tracker changed from Bug to Feature

after talking to cynthia I understand what you want

you want to move an item from portfolio A to an unrelated portfolio B.  
it is **normal** this does not work so it is not a bug but a feature request.

#### #3 - 21/02/2011 14:37 - Sven Vanpoucke

This is indeed something which is not possible, in non of the portfolio's / complex content objects. You should remove the item from the first portfolio and add it to the second portfolio.
