Some comments about the code found (spanish)

1. Uso de get\_langs

2. No usar Database::get\_course\_table\_from\_code(\$course\_code); usar api\_get\_course\_info y luego Database::get\_course\_table para recuperar las tablas o simplemente Database::get\_main\_table

3. Usar variables en inglés, ejemplo: \$category en lugar de \$categoria

4. No usar camelize para las variables \$class\_day en lugar de \$classDay

##### #4 - 12/04/2011 21:52 - Yannick Warnier

- Status changed from Needs more info to Assigned

- Assignee set to Julio Montoya

Adding Marco Sousa as watcher so his attention is brought to your comments.

I've checked the block (it works), and the name still has to be changed to "Gradebooks & Attendances" (instead of the weird brazilian name that is there right now). Once this is done, the task can be closed.

##### #5 - 13/04/2011 16:28 - Julio Montoya

- Status changed from Assigned to Needs more info
- Assignee deleted (Julio Montoya)
- % Done changed from 80 to 90

ok I just changed the labels and added a get\_lang "GradebookAndAttendances" in translate.chamilo
