Description

I didn't have time to look deeper into this issue but long blanks don't seem to work. It could be related to punctuation or something else. Not sure...

This, for instance, is a no go:

réduire la concentration de gaz carbonique de plus de 30%

- Quand on a des bouteilles vides, on les jette à la poubelle, pas à la mer*.

Accents do work in blanked words or short series of words.
