Status:	Bug resolved	Start date:	12/05/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Backlog (default)	Spent time:	0.00 hour
Description			
We found out during our chamilo2-course for our teachers that after deleting, editing, viewing the publications in the 'my publications' tab, the user is sent back to the root folder and the published for me tab.			
This is experienced as quite annoying and time consuming
