

## Chamilo LMS - Feature #349

### Show the current status of a User/Course/Session registered by Web services

03/12/2009 18:46 - Carlos Vargas

<b>Status:</b>	Rejected - Abandoned	<b>Start date:</b>	03/12/2009
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	2.0	<b>Spent time:</b>	0.00 hour
<b>Complexity:</b>	Normal	<b>SCRUM pts - complexity:</b>	?
<b>Description</b>			
There should be a page where we can filter the users/courses/sessions that are registered or not by the webservices. This will be very useful for third-party developers to check the status of this entities.			

#### History

##### #1 - 03/12/2009 18:46 - Carlos Vargas

There should be a page where we can filter the users/courses/sessions that are registered or not by the webservices. This will be very useful for third-party developers to check the status of this entities.

##### #2 - 12/03/2010 18:26 - Yannick Warnier

- Subject changed from Show the current status of a User/Course/Session registered by Dokeos Webservices to Show the current status of a User/Course/Session registered by Web services

- Priority changed from Normal to Low

- Target version changed from 1.8.7 to 1.8.7.1

Although this might be useful for developers, I think simply registering something in the database (I wonder what creator\_id is used when adding a user through webservices) would already be useful enough.

##### #3 - 21/07/2010 19:18 - Yannick Warnier

- Target version changed from 1.8.7.1 to 1.8.8 stable

##### #4 - 06/02/2011 22:02 - Yannick Warnier

- Target version changed from 1.8.8 stable to 1.9 Stable

##### #5 - 01/05/2012 17:19 - Yannick Warnier

- Target version changed from 1.9 Stable to 1.9.2

##### #6 - 07/09/2012 09:41 - Yannick Warnier

- Target version changed from 1.9.2 to 1.9.4

##### #7 - 23/12/2012 22:20 - Yannick Warnier

- Target version changed from 1.9.4 to 2.0

##### #8 - 31/01/2016 21:58 - Yannick Warnier

- Status changed from New to Rejected - Abandoned

This information can be obtained through webservices. Dropping task.
