Description

Calendars view can be much improved:

- list view: a lot of unnecessary empty space (cf. file)
- day view:
 - illogical count, 1st of month = day 0, 10th of month = day 11
 - starts at 0h, no possibility of editing the hours the user wants to see
- week view: no possibility of editing the hours the user wants to see

History

- Assignee set to Hans De Bisschop
- Priority changed from Normal to Low

#2 - 07/01/2010 10:55 - Hans De Bisschop

- Status changed from New to Assigned
- % Done changed from 0 to 20

illogical count, 1st of month = day 0, 10th of month = day 11

The number is the day of the year. Made it start from 1 instead of 0 though. Also added the ISO week number to the day view

#3 - 09/03/2010 13:54 - Stefaan Vanbillemont

- Target version changed from 1 to 2

#4 - 11/03/2010 15:19 - Stefaan Vanbillemont

- Status changed from Assigned to Bug resolved

Reviewing this one, seems all is fixed except the limitation of the hours somebody wants to see. I suggest we do that after 2.0
