

Portfolio - Bug #3814

Standaard Systeem-instellingen no longer effective & other rights problems

18/08/2011 13:35 - Anonymous

Status:	Bug resolved	Start date:	18/08/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	LCMS 3	Spent time:	0.00 hour
Complexity:	Normal		
Description (latest stable): <ul style="list-style-type: none">• standard system rights are no longer effective: platform user view the portfolio but cannot view any folder or item• setting specific rights to a portfolio (folder) does not automatically affect the items in the portfolio as expected (items that have been recently added are not affected)			

History

#1 - 18/08/2011 13:36 - Anonymous

- Subject changed from *Standaard Systeem-instellingen no longer effective & other irghts problems* to *Standaard Systeem-instellingen no longer effective & other rights problems*

#2 - 18/08/2011 13:36 - Anonymous

- Assignee set to *Nathalie Blocry*

#3 - 19/08/2011 17:49 - Nathalie Blocry

- Assignee deleted (*Nathalie Blocry*)

the only problem I find is that something changed in the way the element-finder returns it's values so that assigning rights to certain users/groups doesn't work anymore.

I have no idea what was changed, where, why and by whom. it must be very recent because it is still working on our test-platform

#4 - 23/08/2011 16:45 - Nathalie Blocry

after spending a lot of time looking for the cause of this problem i have found it

the elementfinder does not work if platform is set to "test" instead of to "production"

for some reason addslashes() is performed on all get and post variables when in "test"-mode and not in "production"-mode

so the element finder does only work in production mode. (with the slashes, the unserialize that is performed in the get_values method will cause it to always return nothing)

I don't know why these slashes are added in test-mode

#5 - 13/01/2012 14:01 - Stefaan Vanbillemont

- Target version set to *Backlog (default)*

#6 - 21/06/2012 10:37 - Parcifal Aertssen

- Status changed from *New* to *Bug resolved*

- Target version changed from *Backlog (default)* to *LCMS 3*
