Description

Hi,
forum are used very often in Learning Path in our courses.
In the Forum view a student can create a new Thread in a Forum, but in the Learning Path view, the student isn't allowed to create a new Thread.

Several tools have different behaviours if your are in a Learning Path, or in Course Tools page. It is really disturbing for teachers and students.

See screenshot attached.

History

I can't see the Create Thread icon of the forum in the learning path if I am student.

Seems to work for me, remember that you have to allow students to create threads, see the forum settings

#5 - 11/10/2011 17:23 - Hubert Borderiou

Great, it works, my fault.
I forgot to check the option.
