#### Description

Warning: Invalid argument supplied for foreach() in /var/www/chamilodev.beeznest.com/www/main/inc/lib/course.lib.php on line 715  
Call Stack: 0.0030 1144920 1. {main}() /var/www/chamilodev.beeznest.com/www/main/mySpace/index.php:0 1.0607 53571456 2. Usually this can be fixed by putting a check around the foreach:

```
if (is_array($table)) {  
    foreach ($table as $item) {  
        ...  
    }  
}
```

- File *course.lib.php* added

ya agregue el checked antes del foreach, pero tengo problemas con el mercurial, por favor sube tu este fichero para poder probar si se elimino el error.
