- Target version set to Backlog (default)

#2 - 14/06/2012 14:36 - Anthony Hurst

Is this still the case?

- File *student_view_categories.png* added

still this way, the student can't click the plus to open the categorie (clicking on the title works), but then he doesn't see any content (no table view is displayed (see screen shot))

- Status changed from Needs more info to Needs testing

- Assignee set to dominique de guchtenaere

Could you please retest! We solved an issue with the document tool
