

Repository - Bug #5006

Repository Export pulldown list problem

18/06/2012 15:49 - Albert Vis

Status:	Bug resolved	Start date:	18/06/2012
Priority:	Normal	Due date:	
Assignee:	Hans De Bisschop	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Backlog (default)	Spent time:	0.00 hour
Complexity:	Normal		
Description			
In the repository when you have selected objects, learning paths, etc and want to export these by using the pulldown list to export below, nothing happens. You can only export by using the button above. Is it possible to link this list-option to the same functionality as the button above?

#3 - 02/07/2012 09:49 - Stefaan Vanbillemont

- Target version changed from LCMS 3 to Backlog (default)

#4 - 19/07/2012 13:13 - Anneleen Verckens

- Status changed from New to Bug resolved

Anthony, in C3 it is ok now. (Not yet in our Desiderius, unfortunately)
Thanks!
