Hotspot question image error

18/06/2012 15:59 - Albert Vis

Status:	New	Start date:	18/06/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Backlog (default)	Spent time:	0.00 hour
Complexity:	Normal		
Description			
<p>When you have made a hotspot question and want to re-edit the picture, it seems not to be possible to do this. I can't find a re-edit button/place for the image itself. Also it appears that in some instances the image has been removed from the question.</p>
