publishing from a course: not possible to select based on date

09/08/2012 12:02 - Anonymous

Status:	New	Start date:	09/08/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Backlog (default)	Spent time:	0.00 hour
Description			
<p>When publishing from a course, the date field is not shown. It would be useful to be able to select from a list that can be sorted on the date field, in order to be able to quickly select the newest objects (as it is usually those that a user would want to publish). This is especially so when you have a long list of objects as is usually the case with common object types such as documents, announcements ...</p>
