Description

Hi,
I cannot see HotPotatoes tests results

I've got error :

"Sorry, you are not allowed to access this page, or maybe your connection has expired. Please click your browser's "Back" button or follow the link below to return to the previous page."

If I remove this check in file `exercice_report.php`

I see the test result table, but with no HotPotatoes tests results in it

- Status changed from Needs testing to Bug resolved

Ok for me.

Nice, teachers and user now see HotPotatoes score results, and teachers can export result as a csv file.

Some other work to do for HotPotatoes tests, but I'll put this in another ticket.

Tested and approved, closing this one.
