Description			
Hi,			
When I am doing Admin->Users->Build user fields->Text Box			
After add text box when i am trying to access through My Account page there will 3 tab i) Account, ii) User Settings, iii) AdditionalAccountInformationTitle			
But when i am clicking on AdditionalAccountInformationTitle tab following error comes.			
Fatal error: Class 'admin\DynamicFormElementValue' not found in D:\Projects\wamp\www\chamilo-aldrin-2.1\common\libraries\php\storage\mdb2\database.class.php on line 219			
Please help me for this error.			
Thanks in advance
