

Chamilo LMS - Bug #5543

Teacher and student can't change e-mail

27/09/2012 14:35 - Stijn Michels

Status:	Bug resolved	Start date:	27/09/2012
Priority:	Urgent	Due date:	
Assignee:		% Done:	100%
Category:	Users/Groups	Estimated time:	0.00 hour
Target version:	1.9.2	Spent time:	1.50 hour
Complexity:	Normal	SCRUM pts - complexity:	?
Description			
In Chamilo 1.9 the user and the teacher can't change the e-mail. It says it saves, but it doesn't change in the database. It's allowed in the Chamilo settings.

Restored changes from previous commit, merging with fix for refs #5543

History

#1 - 27/09/2012 15:22 - Yoselyn Castillo

I am verifying right now...

#2 - 27/09/2012 15:23 - Yoselyn Castillo

- Status changed from Assigned to Needs more info

- Assignee changed from Yoselyn Castillo to Julio Montoya

I confirm the bug, but I can't modify the email(it always appears unavailable) as a teacher even if i put the "allow users to change email with out password" to yes. Is this the administration option correct or i have to configure something else in order to edit the email?

#4 - 27/09/2012 19:44 - Yannick Warnier

- Status changed from Needs more info to Assigned

- Assignee changed from Julio Montoya to Yoselyn Castillo

There's another option (the first one in the administration panel > Configuration settings > Users) that asks which fields a user can modify in his own profile.

You have to enable the "e-mail" field there to make it available for update.

I sent a patch yesterday night about the same problem with the official code, but the e-mail field seemed to be managed well, so it's not exactly the same problem.

#5 - 27/09/2012 21:52 - Yoselyn Castillo

Well, i have tested several times with the administration settings you have talked to me and it works fine, it changes the email and ask user for password (depending on setting)in order to let user change the email.

I have tested in my local pc not in stable.chamilo.org

I will try it in stable.chamilo.org

#6 - 27/09/2012 23:42 - Stijn Michels

- File Schermafbeelding 2012-09-27 om 23.40.03.jpg added

- File Schermafbeelding 2012-09-27 om 23.40.13.jpg added

The options are set as described above.

The e-mail is not a required field.

There is one final option that needs attention 'Allow users to change email with out password' is set to 'yes'.
See also attachment.

#7 - 27/09/2012 23:58 - Yoselyn Castillo

I see... the bug happens when email is not a required field, otherwise it works fine. Checking..

#8 - 28/09/2012 06:05 - Yoselyn Castillo

- File *profile.php* added

- Assignee changed from Yoselyn Castillo to Julio Montoya

- % Done changed from 0 to 80

It was a verification before changing email.Upload this file. It should be fixed

#9 - 28/09/2012 09:00 - Yannick Warnier

Yoselyn, please take more care not to delete someone else's changes with a commit:

```

```

It is **very** important to **always** do hg pull + hg update BEFORE you check a bug and apply new changes.

#10 - 28/09/2012 09:05 - Yannick Warnier

- Status changed from Assigned to Bug resolved

- % Done changed from 80 to 100

Also, Yoselyn, following coding standards ([Coding conventions](#)), you should really not use tabs, but rather 4 spaces (which I had done in this file, but obviously as you didn't have a synchronized version, you couldn't see it).

#11 - 03/10/2012 14:49 - Julio Montoya
