

Chamilo LMS - Bug #5591

List of users invited to a survey

03/10/2012 15:47 - Jose Manuel Abuin Mosquera

Status:	Bug resolved	Start date:	03/10/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	80%
Category:	Survey	Estimated time:	0.00 hour
Target version:	1.9.4	Spent time:	0.65 hour
Complexity:	Normal	SCRUM pts - complexity:	?

Description

When clicking on the link for viewing wich users answered or are invited to a survey, it's showing a lot of users who are not invited to the survey (I mean the link in the survey list, you can see it in the attachment)

These users are shown because the course id is not set in the sql query, so, to fix this, you need to edit the file /main/survey/survey_invitation.php

Line: WHERE survey_invitation.survey_code = ".Database::escape_string(\$survey_data['code'])."";
Should be: WHERE survey_invitation.survey_code = ".Database::escape_string(\$survey_data['code'])." AND survey_invitation.c_id=".Database::escape_string(\$survey_data['c_id']);

I think in this way it is working fine, otherwise please report :)
