<b>Complexity:</b>	Normal	<b>SCRUM pts - complexity:</b>	?

#### Description

Hi,  
I'm in stable.chamilo.org  
I've got several groups in my course  
I click on Select All (it works)  
I click on Delete (or another action in the menu) and it does nothing.  
I've got Javascript error "ReferenceError: action\_click is not defined"

#### History

##### #1 - 04/12/2012 11:46 - Julio Montoya

- Status changed from New to Needs more info
- % Done changed from 0 to 50

I just change the settings of stable.chamilo in order to **not cache** templates. server\_type = "test" with this change the option works.

##### #2 - 11/12/2012 16:51 - Yoselyn Castillo

- Status changed from Needs more info to Assigned

testing...

##### #3 - 11/12/2012 18:09 - Yoselyn Castillo

- Status changed from Assigned to Bug resolved

Yes, it is a problem with the cache  
Now in stable.chamilo.org  
I've got several groups in my course  
I click on Select All  
I click on Delete and it works fine.

##### #4 - 13/12/2012 08:47 - Joachim Lucas

Hi  
In my Chamilo, I have this problem at all places where there are lists like "Select All> Action" (documents, work, dropbox, admin section, etc.) => it does nothing and javascript error.

To switch server (server\_type) from 'production' to 'test' works fine but I can't leave this setting as is!

Do you know is there a way to **fix** really (and not around) this bug ?

Thank you very much

What browser do you use?

**#6 - 13/12/2012 09:17 - Joachim Lucas**

Hi Yannick

My browser is Chrome ... but same in Firefox

**#7 - 13/12/2012 09:30 - Joachim Lucas**

My temporary solution is to comment line 70 (//'cache' => \$cache\_folder) in template.lib.php ...

**#8 - 13/12/2012 09:52 - Joachim Lucas**

I doesn't understand : the problem has disappeared (with no line commented in template.lib.php) !

Here are the last things I made :

- delete all in /archive/twig
- replace /main/template/default with the nightly version

and for another need, i did :

- chown -R www-data.www-data chamilo
