

Repository - Bug #5899

Wrong operation

24/01/2013 15:49 - Miguel van den Branden

Status:	New	Start date:	24/01/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Complexity:			
Description			
If someone is checking one object in the repository and then down to the selection checking remove, uncheck or another option from the list + 'ok', he sometimes goes to the object instead of the selected operation be performed at once.			

History
