Description

Hi,
teachers ask for an option in test, to prevent students to go back in question advancement.
Add an option to remove button "Previous question"
Need too to prevent student to use the "Previous" button of his browser (like in previous version)

History

#1 - 11/04/2013 18:16 - Yannick Warnier

I don't remember that in previous version we did anything to block the "back" button of the browser. Can you give more info about that?

#2 - 12/04/2013 16:16 - Hubert Borderiou

In Dok version, there were no [back] button, and we couldn't go to previous question.
We've got the message [You've already answer to this question]
I didn't work with versions 1.8.x
I don't know about these versions.
Anyway, it is a request from several teachers to have this kind of tests.
May be it should be usefull to add this option.
regards,
