

Repository - Bug #6291

Document

27/06/2013 13:25 - Ludwig Theunis

Status:	Needs testing	Start date:	27/06/2013
Priority:	Normal	Due date:	
Assignee:	Sven Vanpoucke	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	LCMS 4 Beta	Spent time:	0.00 hour
Complexity:	Normal		

Description

When changing documents with objects included, (image), the include list is not updated, only when adding an image the object is added to the include list.

When deleting an image in the document the it is not cleared from the include list.

Probably the body of the object is not analysed correctly to retrieve the linked objects.

A similar problem is fixed in LCMS 3.1 (commit 2555937 chamilo/chamilo-dev).

History

#1 - 27/06/2013 14:41 - Ludwig Theunis

[[<https://bitbucket.org/chamilo/chamilo-repository/commits/dabe626a5b3c9137fe84ed7d16f876aa28515efe>]]

#2 - 27/06/2013 16:30 - Sven Vanpoucke

- Status changed from New to Needs testing

- Assignee set to Sven Vanpoucke

Due to a new id variable that was added, the object could not be deleted anymore.

Fixed this in
