Fixed the issue in

<https://bitbucket.org/chamilo/chamilo-app-weblcms-dev/commits/e025e1de2f121a6b2e4267edc52ffd9a40b05684>

However it seems that none of the reporting has been deleted when a course is deleted. What should we do with this data? Should we keep this data or remove it with the course?
