#### Description

In the assignments tool the evaluation elements are created in order. If you want to re-order them after creation, it does not allow you to do so. It would be a great idea to have an icon or something that allows to put some evaluations in the order the teacher wants.

This one can be charged to Contidos Dixitais.

The screenshot shows the MARCA LMS interface. At the top, there is a navigation bar with links like 'Página principal', 'Mis cursos', 'Mi agenda', etc. Below that, a green message states 'El componente de evaluación ha sido eliminado'. A yellow message says 'No hay un certificado disponible por defecto'. The main content is a table with columns: Tipo, Nombre, Descripción, Ponderación, and Modificar. The table lists 10 evaluation components, each with a weight of 10. The 'Modificar' column contains icons for edit, view, and delete. A red arrow points to this column with a text box that says: 'Añadir el botón de mover para poder reordenar los elementos de la evaluación. Si no se puede poner el icono, serviría una opción de "mover a" o algo similar.'

Tipo	Nombre	Descripción	Ponderación	Modificar

#### History

#1 - 18/07/2013 00:01 - Yannick Warnier

- Description updated

#2 - 18/07/2013 00:04 - Yannick Warnier

- Target version changed from 1.9.8 to 2.0

Such a change would require adding a field that would store the order of elements in the gradebook\_item table. Adding a field means database change, which cannot be done between 2 minor versions, so moving to 1.10 goal.

#3 - 09/04/2014 00:21 - Noa Orizales Iglesias

- Status changed from New to Assigned

- Assignee set to Yannick Warnier

Ok, but do you think it's useful and that it can be done? If yes, please let me know and I will assign it to Roberto.
