<b>Complexity:</b>	Normal	<b>SCRUM pts - complexity:</b>	?
<b>Description</b>			
Hi, no hurry, but it is a feature that may be usefull			
There are always some students that don't close there test and leave the platform. As a result, there score is not visible by teacher, and teatchers call admin panicked. We need to seek into the database table, track_e_exercices, find the line corresponding to the test, and empty field status. Then it is ok.			
May be platform admin may have a page when they see incompleted tests, and can close it if teachers need it ?			
<b>Subtasks:</b>			
Feature # 6521: Enhance Exercice/Live-stats feature to be able to see students doing th...			<b>New</b>

#### History

##### #1 - 09/07/2013 17:42 - Yannick Warnier

Isn't the "live stats" view a good half way solution for that?

##### #2 - 15/07/2013 02:38 - Yannick Warnier

- Status changed from New to Needs more info

- Assignee set to Hubert Borderiou

##### #3 - 07/08/2013 15:44 - Hubert Borderiou

Hi,  
you are right, 'the "live stats" view a good half way solution for that'.  
I didn't think of that, because I didn't see my student in live-stats (!?)

I did some investigation, and in the code there is :

```
$where_condition = " orig_lp_id = 0 AND exe_exo_id = $exercise_id AND start_date > '$now' ";
```

with

```
$now = time() - 60*$minutes; //1 hour
```

It means that, in live stats, we just see users still doing the test less than 1 hour of the moment I check it.  
I don't see all users that are doing the test (actually, didn't finish it).

To keep this tool working as now, and fit more needs, **I suggest to be able to select the time from which we want to see live stats.** (1 hour by default).

Teachers will be able to check all ongoing tests, or, if there test last 2 hours, be able to see student that started the test more than 1 hour ago.

And for the need of this task, we could add a button, for platform admin only, to close or delete ongoing tests for student.

I'm going to create a task for this.  
see <https://support.chamilo.org/issues/6521>

##### #4 - 09/04/2014 10:53 - Hubert Borderiou

- Target version set to 2.0

**#5 - 22/06/2015 09:46 - Hubert Borderiou**

- Subject changed from *Add an admin page for test*, to see *Incomplete tests* to [1.9.10.x] *Add an admin page for test*, to see *Incomplete tests*
- Target version changed from 2.0 to 1.10.0

see <https://chamilosimsu.wordpress.com/2015/06/18/comment-gerer-les-exercices-non-terminees-des-etudiants/>  
i'm going to do it for 1.9.10.2

**#6 - 22/06/2015 22:44 - Yannick Warnier**

OK. We'd like to release an alpha (light code freeze for the database and slowing down the incorporation of new features) at the beginning of July, so don't take too long :-)

**#7 - 22/06/2015 22:44 - Yannick Warnier**

- Status changed from *Needs more info* to *Assigned*

**#8 - 06/07/2015 21:28 - Yannick Warnier**

Should I move this to the next release? (I will do it if no feedback within 5 days)

**#9 - 09/07/2015 01:15 - Yannick Warnier**

- Target version changed from 1.10.0 to 2.0

Moving it sooner. I don't think Hubert is available at the moment.

**#10 - 09/07/2015 08:49 - Hubert Borderiou**

I did it for 1.9.6

see [\[\[https://chamilosimsu.wordpress.com/2015/06/18/comment-gerer-les-exercices-non-terminees-des-etudiants/\]\]](https://chamilosimsu.wordpress.com/2015/06/18/comment-gerer-les-exercices-non-terminees-des-etudiants/)

and I'll do it for 1.9.10.x

Not so complicated ^^ and very usefull.

best regards

**#11 - 31/01/2016 23:55 - Yannick Warnier**

- Target version changed from 2.0 to 3.0
