Peer assessment: 'wizard'-steps to small/not easy to find

18/07/2013 09:11 - Anneleen Verckens

Status:	New	Start date:	18/07/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	LCMS 4 Beta	Spent time:	0.00 hour
Description			
Is it possible to make the 'wizard steps' more explicit in the total screen, more easy to find for a dummy? (eg. in square, more bold, colour, ...)			

History

#1 - 19/07/2013 07:47 - Sven Vanpoucke

- Target version changed from LCMS 4 to LCMS 4 Beta

#2 - 20/08/2013 13:43 - Anneleen Verckens

The wizard boxes are better than before, but screen views are still not very userfriendly/attractive

#3 - 05/09/2013 10:56 - Anneleen Verckens

usability problem stays, but can be handled later
