

Chamilo LCMS Connect - Analysis #6925

importing external repository instance failed

15/01/2014 14:35 - jingzhou wang

Status:	New	Start date:	15/01/2014
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	LCMS 4 Beta		
Description			
<p>I have set up an external instance of wikipedia under "administration" --> "Repository" --> "Manage external content connectors" I go to "External Repositories" --> "WikiPedia", I can see all the external contents of Wikipedia pages, I selected one of the Wikipedia content, and pushed the "Import" button, the system hanged with the following error message</p> <p>Fatal error: Class 'webpage' not found in /var/www/core/common/libraries/php/shared/storage/data_class/data_class.class.php on line 96</p>
