

Chamilo LMS - Feature #7272

Extend buy_course plugin to include sessions

19/09/2014 18:51 - Yannick Warnier

Status:	Feature implemented	Start date:	19/09/2014
Priority:	Normal	Due date:	
Assignee:	Yannick Warnier	% Done:	100%
Category:	Plugins	Estimated time:	0.00 hour
Target version:	1.9.10	Spent time:	59.53 hours
Complexity:	Difficult	SCRUM pts - complexity:	20
Description			
<p>The current buy_courses plugin provides the possibility to sell courses, but it doesn't handle sessions at all. The current plugin_buy_course table contains only the course_id and code, so it is impossible, at this point, to just extend it to sessions without a database modification. However, considering it is a plugin, the database structure can be changed to include a session_id field.</p> <p>The development requires 4 main points:</p> <ul style="list-style-type: none">• extend the database and sales logic to allow someone to buy access to a session instead of a course (you can buy a course or a session, but not a specific course inside a specific session)• add a plugin configuration setting to "include sessions"• extend the admin's list of courses (in the page to configure the price for each) to include sessions• extend the final user's (student) list to show sessions as well as courses

Me he descargado la rama para una instalación y configuración en local para pruebas de usabilidad del plugin

#7 - 14/10/2014 20:09 - Yannick Warnier

- Status changed from Needs testing to Feature implemented
- Assignee changed from Yannick Warnier to Imanol Losada

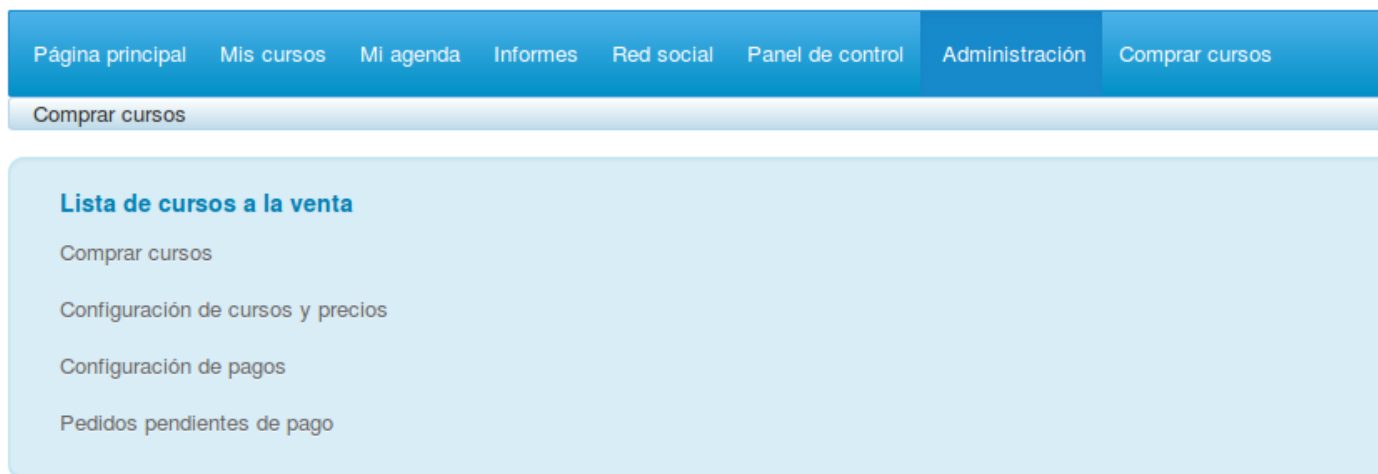

The update PR for the plugin code has been merged into 1.9.x.

Alex, has podido revisarlo? Voy a cerrar esta tarea, pero si necesitas aplicar cambios, me avisas para ver si abrimos otra o si los agregamos aquí.

#8 - 15/10/2014 00:34 - Alex Aragon

- File lis.png added

Estaba revisando el plugin, y no me agrada como se muestra las opciones, debería ser en forma de menú.

y no llama al estilo active cuando se encuentra seleccionado el menú.

#9 - 16/10/2014 01:24 - Alex Aragon

- File icon added

Iconos para presentar mejor la parte anterior de la imagen con estos iconos así como al momento de crear un curso sale 4 opciones...

#10 - 16/10/2014 16:33 - Yannick Warnier

- Status changed from Feature implemented to Assigned

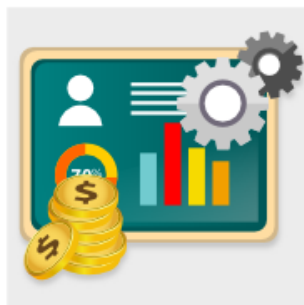

- Assignee changed from Imanol Losada to Alex Aragon

Iconos OK por mi.
Alex ha dicho que iba a terminar esto.

#11 - 18/10/2014 01:11 - Alex Aragon

- File icon_buy.png added

Ultimos retoques para los iconos para el plugin by course

#12 - 19/10/2014 20:09 - Yannick Warnier

Alex, tienes una rama con estos cambios?
Quiero cerrar esta tarea, pero necesito los iconos en todos los formatos y el cambio de CSS.

#13 - 22/10/2014 01:33 - Alex Aragon

Enviado mi pull request con los cambios.

<https://github.com/chamilo/chamilo-lms/pull/392>

Queda pendiente la opción de listar la lista de cursos apenas el usuario le da clic en Comprar cursos, ya que solo muestra una opción y no tiene sentido añadir un paso adicional dando clic en el carrito de compras, eso debe ser solo para el administrador con sus 4 opciones de configuración

#14 - 22/10/2014 17:13 - Yannick Warnier

- Assignee changed from Alex Aragon to Imanol Losada

Volviendo a asignar a Imanol para hacer un redirect en el caso del usuario final (para que no vea la lista de opciones) y añadir una opción para no mostrar la pestaña de "Buy courses" en la barra azul de menú principal.

Ya casi terminamos!

#15 - 23/10/2014 17:35 - Imanol Losada

- Assignee changed from Imanol Losada to Yannick Warnier

PR: <https://github.com/chamilo/chamilo-lms/pull/398>

#16 - 24/10/2014 21:48 - Yannick Warnier

- Status changed from Assigned to Needs testing

- Assignee deleted (Yannick Warnier)

- % Done changed from 70 to 90

Everything has been merged. We only need functional testing now.

#17 - 27/10/2014 05:16 - Yannick Warnier

- Status changed from Needs testing to Feature implemented

- Assignee set to Imanol Losada

- % Done changed from 90 to 100

Verified. There's only one minor issue in the tabs system: it checks for the term in a specific language.

For example, if I install the plugin in English, enable the tab, and then switch to Spanish and try to disable the tab, it doesn't work, and then it **adds** a tab in Spanish. I have to disable the tab in the specific language in which I enabled it.

I'm closing this issue as the feature has been developed and the tab activation has been added as an extension of the original task itself.
