view results of hot potatoes tests as a user

15/10/2014 15:33 - Annick Vdp

Status:	Bug resolved	Start date:	15/10/2014
Priority:	Normal	Due date:	
Assignee:	Julio Montoya	% Done:	100%
Category:	Tracking / Reporting	Estimated time:	0.00 hour
Target version:	1.9.10	Spent time:	0.60 hour
Complexity:	Normal	SCRUM pts - complexity:	?

Description

If I log in to my course as a user and click on "test", I get an overview of the tests in the course.
For Chamilo tests, I can see if I (as a user) attempted the test and my score.
For Hotpotatoes tests however, it show a button "results" which gives me an overview of all the score by all students in the course, not just my own results (as a user).
