Target version:	2.0	Spent time:	2.16 hours
Complexity:	Normal	SCRUM pts - complexity:	?

Description

Hi everybody,

I have a 1.9.8 version on my server and I noticed that the exercises built on scenario mode cannot save the result at the end of the test. I have checked in the stable.chamilo.org version to see if a future update could solve the problem but no way. The results are not present at the end of the exercise on scenario mode. Maybe this is not a bug but as the result appears as 0 this could be curious for the learner. Please see the attached file.

Thank you for the wonderful tool you made.

Jacques

El problema radica en el tipo de feedback que se escoja cuando se crea el ejercicio. No hay problemas con la opción À la fin du test y con la opción Pas de feedback, pero hay problemas con guardar las respuestas en la opción Immédiat en popup.

Intenté varias veces cambiar esta opción pero chamilo no me muestra los datos para cambiar esta configuración. Incluso cuando configuras los ejercicios la barra de herramientas (los tipos de pregunta) aparecen solo tres iconos, mientras que en las dos opciones mencionadas anteriormente sí sale la barra de herramientas completa.

Cuando trato de editar las características avanzadas de un ejercicio, la información que se muestra en pantalla es distinta, dependiendo del tipo de feedback elegido al momento de crear el ejercicio.

Sugiero revisar esta herramienta para afinarla más...

Saludos.
Andrés Alvarez

#2 - 12/01/2015 18:04 - Yannick Warnier

- Target version changed from 1.9.10 to 1.10.0

Postponing to next version.

#3 - 02/02/2015 19:09 - Daniel Barreto

- Status changed from New to Assigned

- Assignee set to Daniel Barreto

#4 - 02/02/2015 22:19 - Daniel Barreto

- % Done changed from 0 to 10

Done:

Search quiz result in track_e_attempt or track_e_exercice tables, but couldn't find any row there. But there was a lot of "exe_result_deleted" event registered into track_e_default table.

To do:

Save exercise result (as normal question) and at the end, show them all in sequence.

#5 - 04/04/2015 02:13 - Yannick Warnier

- Status changed from Assigned to New
- Assignee deleted (Daniel Barreto)

#6 - 04/04/2015 02:14 - Yannick Warnier

- Status changed from New to Assigned
- Assignee set to Angel Quiroz
- Priority changed from Normal to Low

We'll try to add this into 1.10.0, but if we don't have the time, this can be moved to v2.0

#7 - 14/07/2015 12:01 - Julio Montoya

I thought the idea of "scenario mode" is not to save answers ...

#8 - 11/08/2015 08:30 - Yannick Warnier

- Tracker changed from Bug to Feature
- Subject changed from no results saved with exercise on scenario mode at stable.chamilo.org to Save results in exercises in scenario mode at stable.chamilo.org
- Status changed from Assigned to New
- Assignee deleted (Angel Quiroz)
- Target version changed from 1.10.0 to 2.0

Moving to 2.0 (for lack of time). However, it's not really a bug. I'll make it a feature.
