Courses subcategories creation broken

20/02/2015 15:58 - Yannick Warnier

Status: Bug resolved
Priority: Normal
Assignee: Yannick Warnier
Category: Administration
Target version: 1.10.0
Complexity: Piece of cake
Start date: 20/02/2015
Due date: 
% Done: 100%
Estimated time: 0.00 hour
Spent time: 0.00 hour
SCRUM pts - complexity: 2

Description

in /main/admin/course_category.php, click on an existing category, then click the category creation icon and create a category. This should create a "sub" category of the first, but instead it creates a root category.
Please review and fix.
Apparently broken since 1.9.10

Associated revisions

Revision 8cbb3661 - 23/02/2015 09:10 - Julio Montoya
Fix sub category creation see #7540

History

#1 - 20/03/2015 13:25 - Julio Montoya
- Status changed from New to Needs more info
- Assignee changed from Julio Montoya to Yannick Warnier

Is working for me here https://stable.chamilo.org

#2 - 02/04/2015 07:22 - Yannick Warnier
- Status changed from Needs more info to Bug resolved
- % Done changed from 0 to 100

I've fixed the issue I had with this (in the end it was possible to create a subcategory but not to edit it) in both 1.9 and 1.10. Closing.
