

Chamilo LMS - Bug #7576

problem when use "login as" function

05/03/2015 10:16 - François Grueau

Status:	Bug resolved	Start date:	05/03/2015
Priority:	Normal	Due date:	
Assignee:	Imanol Losada	% Done:	100%
Category:	Dropbox / Files sharing	Estimated time:	0.00 hour
Target version:	1.10.0	Spent time:	4.52 hours
Complexity:	Normal	SCRUM pts - complexity:	?

Description

After "login as" a student when I go in a dropbox section of a course, I send a file to a teacher. In teacher view of the dropbox section (received files) the author name of the sender is not the student but the administrator account I use to login as the student.

My server is:
Apache/2.2.22 (Ubuntu)
phpversion() 5.3.10

Associated revisions
