

Chamilo LMS - Feature #7609

Skype plugin

03/04/2015 21:12 - Yannick Warnier

Status:	Feature implemented	Start date:	03/04/2015
Priority:	Normal	Due date:	
Assignee:	Imanol Losada	% Done:	100%
Category:	Plugins	Estimated time:	2.00 hours
Target version:	1.10.0	Spent time:	3.51 hours
Complexity:	Normal	SCRUM pts - complexity:	?

Description

Develop a Skype plugin that allows two things:

- for the organization to place a "Call me" link in the footer (if field defined in the plugin settings)
- for students to add a Skype contact to their profile (the field type should be created by the plugin) for others to see their status and call them (only if this field has been configured and the person is a network friend - in the extended profile)

The first (organization) is done through a link like this:

```
<script type="text/javascript"
src="http://download.skype.com/share/skypebuttons/js/skypeCheck.js"></script>
<a href="skype:USERNAME?call">
</a>
```

Students/teachers link is done through:

```
<a href="skype:USERNAME?call">michela.mosquera</a>
```

Associated revisions

Revision 3744e309 - 09/04/2015 22:23 - Imanol Losada

Add Skype plugin - refs #7609

History

#1 - 03/04/2015 21:44 - Yannick Warnier

- Assignee changed from Yannick Warnier to Imanol Losada

#2 - 03/04/2015 22:42 - Yannick Warnier

- File info.txt added

- File skype.png added

- File social media icons - 32px.eps added

Apparently the student option is not really available anymore as the icon always shows logged out (there were privacy options to select that in the past, but they're gone now).

Just use a simple Skype icon then (I'm attaching skype.png)

#3 - 09/04/2015 22:27 - Imanol Losada

- Assignee changed from Imanol Losada to Yannick Warnier

- % Done changed from 0 to 50

PR: <https://github.com/chamilo/chamilo-lms/pull/655>

#4 - 22/06/2015 23:53 - Yannick Warnier

- Status changed from Assigned to Feature implemented
- Assignee changed from Yannick Warnier to Imanol Losada
- % Done changed from 50 to 100

This only adds the user's "Skype" field in the end, because the online status does not work anymore. All information sources that used to point to the web API of skype indicate it has been discontinued.
