

Chamilo LMS - Bug #7642

Work tool broken: impossible to edit

19/04/2015 00:57 - Yannick Warnier

Status:	Bug resolved	Start date:	19/04/2015
Priority:	High	Due date:	
Assignee:	Julio Montoya	% Done:	100%
Category:	Assignments / Work	Estimated time:	0.00 hour
Target version:	1.10.0	Spent time:	0.00 hour
Complexity:	Normal	SCRUM pts - complexity:	?

Description

- create a task
- edit it
- a dump appears (apparently an incomplete debug somehow)

This prevents edition. On line 111 of main/work/edit_work.php, there is a var_dump() and an exit

Once these are removed, the update queries fail anyway. Apparently, the "id" in c_student_publication_assignment is left to null (probably a consequence of adding the iid as unique key), which returns an error when trying to update (in work.lib.php).

I believe reviewing the full tool is necessary to avoid this issue.

Issue [#7621](#) should be reviewed after this.

After fresh install, I still get this when updating (adding a final deadline):

```
Fatal error: Uncaught exception 'PDOException' with message 'SQLSTATE[42000]: Syntax error or access violation: 1064 You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the right syntax to use near '' at line 9' in /var/www/chamilo110x/vendor/doctrine/dbal/lib/Doctrine/DBAL/Driver/PDOConnection.php:104 Stack trace: #0 /var/www/chamilo110x/vendor/doctrine/dbal/lib/Doctrine/DBAL/Driver/PDOConnection.php(104): PDO->query('UPDATE c_studen...') #1 /var/www/chamilo110x/vendor/doctrine/dbal/lib/Doctrine/DBAL/Connection.php(833): Doctrine\DBAL\Driver\PDOConnection->query('UPDATE c_studen...') #2 /var/www/chamilo110x/main/inc/lib/database.lib.php(320): Doctrine\DBAL\Connection->executeQuery('UPDATE c_studen...') #3 /var/www/chamilo110x/main/work/work.lib.php(4267): Database::query('UPDATE c_studen...') #4 /var/www/chamilo110x/main/work/edit_work.php(113): updatePublicationAssignment('1', Array, Array, 0) #5 {main} Next exception 'Doctrine\DBAL\Driver\PDOException' with message in /var/www/chamilo110x/vendor/doctrine/dbal/lib/Doctrine/DBAL/Driver/AbstractMySQLDriver.php on line 90
```

Also, the "non-final" deadline checkbox, when ticked, doesn't show the calendar selector.

#3 - 20/04/2015 10:58 - Julio Montoya

- Assignee changed from Julio Montoya to Yannick Warnier

I just fixed those.

#4 - 20/04/2015 20:11 - Yannick Warnier

- Status changed from Assigned to Bug resolved

- Assignee changed from Yannick Warnier to Julio Montoya

- % Done changed from 0 to 100

OK, now, indeed, it works. Thanks
