I cannot compile php5-xapian atm but hopefully these 2 commits should do the trick:
https://github.com/chamilo/chamilo-lms/commit/776be157d18271f7cb16430728cd3a6bad29e7de
https://github.com/chamilo/chamilo-lms/commit/b9fe27560b80251f7409ecfbfaeb8f1cd7abcd2e

#6 - 21/12/2015 21:30 - Yannick Warnier
- Target version changed from 1.10.2 to 1.10.4

I'm moving this task to 1.10.4 because we want to release today. Please make sure you check it whenever you have a chance.
