### Description
In the course creation form (1.10.x), the "Special course" option should be a checkbox. It's either a special course or it's not. Currently, it's a text field.

### History

#### #1 - 30/12/2015 09:26 - Julio Montoya
Ok this is a "legacy" problem that special course option never had a "field type". The value saved are 1 or 0, working in a fix.

#### #2 - 30/12/2015 09:37 - Julio Montoya
- Assignee changed from Julio Montoya to Yannick Warnier

Should be fixed now, it requires a DB update.

#### #3 - 02/03/2016 18:56 - Yannick Warnier
- Assignee changed from Yannick Warnier to Julio Montoya
- % Done changed from 0 to 50

Well... now it is a checkbox, but it's impossible to "uncheck" :-p

#### #4 - 03/03/2016 12:35 - Julio Montoya
- Assignee changed from Julio Montoya to Yannick Warnier

I just added a correction for this

#### #5 - 03/03/2016 17:39 - Yannick Warnier
- Status changed from Assigned to Needs testing
- % Done changed from 50 to 80

#### #6 - 03/03/2016 21:18 - Yannick Warnier
- Status changed from Needs testing to Assigned
- Assignee changed from Yannick Warnier to Julio Montoya
- % Done changed from 80 to 50

Special course checkbox has gone back to being a text field now (although now I can go back to an empty value instead of "1")
There's something fishy here...

When upgrading to 1.10 the field type of special course should be checkbox this is the migration change:

```
UPDATE course_field SET field_type = 13 WHERE field_variable = 'special_course'
```

What kind of chamilo you have installed? It comes from a migration? A clean installation?

This was apparently the same composer update issue as the other. I also reinstalled my test portal and it works fine now. Sorry for the trouble.
