Description

- create a social group
- write a message in the discussions section:

Fatal error: Uncaught exception 'PDOException' with message 'SQLSTATE²³⁰⁰⁰: Integrity constraint violation: 1048 Column 'dest_user_id' cannot be null' in /var/www/chamilo110x/vendor/doctrine/dbal/lib/Doctrine/DBAL/Driver/AbstractMySQLDriver.php on line 112
(!) PDOException: SQLSTATE²³⁰⁰⁰: Integrity constraint violation: 1048 Column 'dest_user_id' cannot be null in /var/www/chamilo110x/vendor/doctrine/dbal/lib/Doctrine/DBAL/Driver/PDOStatement.php on line 91

There is probably a FK on dest_user_id in the message table, and there shouldn't be (because when sending a message in a social group, there is no specific user destination).
