Description

Perhaps It would be a good thing to be able to see easily files we have shared :

- modifying the action_rights.png icon if file have been shared

(for optimal option, several icons for each state to see is file has been shared for Search / View / Use /reuse for somebody. If file has been less shared for someone else, use the more shared icon.)

- add a link (a folder ? a category ?) that open a page where you can view all files you've shared, with some filters options.

History

#1 - 22/03/2010 09:34 - Stefaan Vanbillemont

- Category set to 4

- Target version set to 7

We will move this to a later version. Possible solution: work with 2 tabs in the 'Shared object' view (My shared objects, Other shared objects)
