Chamilo LMS - Bug #8235

Text to speech broken

15/05/2016 00:21 - Yannick Warnier

Status:	Bug resolved		**Start date:**	15/05/2016
Priority:	Normal		**Due date:**	
Assignee:	Yannick Warnier		**% Done:**	100%
Category:	Documents		**Estimated time:**	0.00 hour
Target version:	1.10.6		**Spent time:**	1.00 hour
Complexity:	Normal		**SCRUM pts - complexity:**	?

Description
In 1.10.x, none of the text-to-speech features (Google or Pediaphon) of the documents tool work. The Google option returns a 0B file. The Pediaphon option never return anything.

Associated revisions

Revision f834ff52 - 17/05/2016 11:24 - Julio

Add translate_app_google_key fix setting, fix Pediaphon service see #8235

Revision b77003a2 - 19/05/2016 19:09 - jmontoyaa

Change service order see #8235

History

#2 - 17/05/2016 11:28 - Julio Montoya

1. The google conversion doesn't work in 1.9.x also:

```
Warning: file_get_contents(http://translate.google.com/translate_tts?tl=en&q=dqsdsqd): failed to open stream:
HTTP request failed! HTTP/1.0 503 Service Unavailable in
```

I just update the code to use version 2 of the api. It requires a google app id.

```
Google Translate API is a paid enterprise service for translating large amounts of text. For website translati
ons, we encourage you to use the Google Website Translator gadget.
```

In order to configure this go to:

https://cloud.google.com/translate/v2/quickstart

And follow the instructions. I couldnt fixed because I need to pay to try it out.
This is the message I got:

```
{
 "error": {
  "errors": [
   {
    "domain": "usageLimits",
    "reason": "dailyLimitExceeded",
    "message": "Daily Limit Exceeded. The quota will be reset at midnight Pacific Time (PT). You may monitor y
our quota usage and adjust limits in the API Console: https://console.developers.google.com/apis/api/translate
/quotas?project=789282956155",
    "extendedHelp": "https://console.developers.google.com/apis/api/translate/quotas?project=789282956155"
   }
  ],
  "code": 403,
  "message": "Daily Limit Exceeded. The quota will be reset at midnight Pacific Time (PT). You may monitor you
r quota usage and adjust limits in the API Console: https://console.developers.google.com/apis/api/translate/q
uotas?project=789282956155"
```

```
    }
}
```

2. the Pediaphon is fixed now

#3 - 17/05/2016 15:12 - Yannick Warnier

Could you then revert the options in this tool: first make Pediaphon available, then (as an alternative) the Google option? (instead of the opposite that is the current situation)

#4 - 18/05/2016 00:32 - Yannick Warnier

- Assignee changed from Julio Montoya to Angel Quiroz

- % Done changed from 0 to 50

#5 - 19/05/2016 02:29 - Yannick Warnier

- Assignee changed from Angel Quiroz to Julio Montoya

Back to Julio (Angel was busy with the calculated answers today)

#6 - 19/05/2016 19:09 - Julio Montoya

- Assignee changed from Julio Montoya to Yannick Warnier

Order changed.

#7 - 19/05/2016 19:40 - Yannick Warnier

- Status changed from Assigned to Bug resolved

- % Done changed from 50 to 100

Great!

#8 - 20/05/2016 08:10 - ashish kpaul

- File Screenshot from 2016-05-20 11-37-45.png added

Chamilo V-1.10.x: Text to Speech shows 0 Bytes

#9 - 20/05/2016 21:54 - Yannick Warnier

Since the version from yesterday, the default generation method is with Pediaphon. This works. The Google method, however, requires to create a Google API and add it to the code (so non-functional for now, indeed, and it will be generating a 0B file).
