**Description**

- As admin, put your portal in test mode and in English
- Make sure your (admin user's) language is English
- From the list of courses, go to the course creation form
- Create a course in French with demo content
- Enter the course
- `[[IntroductionText]]` appears

The `$IntroductionText` variable is defined in `main/lang/french/trad4all.inc.php`, so I suppose there is an issue in the `AddCourse::fill_db_course()` method, given it takes a language as third parameter.

In particular, this must be related to line 459

https://github.com/chamilo/chamilo-lms/blob/1.11.x/main/inc/lib/add_course.lib.inc.php#L459

or on line 999 (where `IntroductionText` is called)

https://github.com/chamilo/chamilo-lms/blob/1.11.x/main/inc/lib/add_course.lib.inc.php#L999

I tried using the form `get_lang('IntroductionText', null, $language)` but without success so far (the `$language` is effectively 'french' on line 999).

Fix course creationg in other language - refs #8324

**History**

#1 - 09/07/2016 21:16 - Yannick Warnier
- Description updated

#2 - 11/07/2016 15:33 - Yannick Warnier
- Description updated

#3 - 11/07/2016 17:03 - Yannick Warnier
- Assignee changed from Yannick Warnier to Angel Quiroz
- % Done changed from 0 to 10

#4 - 12/07/2016 21:53 - Angel Quiroz
- Status changed from Assigned to Needs testing
- Assignee deleted (Angel Quiroz)
- % Done changed from 10 to 80

Fixed

#5 - 13/07/2016 07:23 - Yannick Warnier
- Status changed from Needs testing to Bug resolved
- Assignee set to Angel Quiroz
Patch approved. Working very well now. No observed negative impact.
