Está bien por lo general peeeeeero:

- el texto no está bien alineado (tiene que estar unos 5 pixeles más a bajo en comparación con el icono)
- el icono debería estar del lado derecho y aparecer aunque esté "escondida" la lengüita, porque sino es un poco difícil ubicar donde se encuentra la herramienta correcta

De otro lado, ahora ya no aparecen los atajos a herramientas (la barra horizontal con los iconos que sí aparecen en la 1.10)

Modificaciones.

The screenshot shows the Chamilo LMS interface. At the top, there is a navigation bar with the Chamilo logo and the text 'E-Learning & Collaboration Software'. Below the logo, there is a horizontal menu with options: 'Página principal', 'Mis cursos', 'Mi agenda', 'Informes', 'Red social', and 'Panel de'. The main content area shows the course 'Blender Fundamentos' with a progress indicator 'Avance del curso : Blender Fundamentos (50%)'. Below this, there is a dashed box containing the text 'Puede añadir una introducción a su curso en esta sección'. Underneath, there is a section titled 'Creación de contenidos' with four icons: 'Descripción del curso' (document with pencil), 'Documentos' (folder), 'Asignar tarea' (document with checkmark), and 'Notificaciones' (bell).

After checking, I just asked Alex to review it so the items of the side menu do not move when you first load the page.

Still missing:

- ~~shortcut icons only appear on course homepage~~
- ~~navigation_menu should not move when a new page is loaded~~
- when show_navigation_menu is on "icons only", icons appear in the middle of the page
