

Chamilo LMS - Bug #973

The sessions are not being taken into account in some parts of the exercises

14/04/2010 17:42 - Carlos Vargas

Status:	Bug resolved	Start date:	14/04/2010
Priority:	Normal	Due date:	
Assignee:	Yannick Warnier	% Done:	50%
Category:		Estimated time:	0.00 hour
Target version:	1.8.7	Spent time:	0.00 hour
Complexity:	Normal	SCRUM pts - complexity:	1

Description

In "Add this question to the test", the select show a list all the exercises in every session and base

En "Añadir pregunta" la lista desplegable, muestra todos los ejercicios de todas las sesiones y del curso base

In Recycle existing questions, all questions are shown all the exercises in order to be reused or to be copied, however for the questions asked within a course in a session, it not should be possible to reuse a query created in another session, because if it is modified , The changes will be in all meetings, for this case only to display the icon to copy but not to reuse

se muestran todas las preguntas de todos los ejercicios, para poder ser reutilizados o para ser copiados, sin embargo para las preguntas hechas dentro de un curso en una sesion, no deberia ser posible reutilizar una pregunta creada en otra sesion, pues si esta se modifica, los cambios se verán en todas las sesiones, para este caso solo se debe mostrar el icono para copiar, pero no el de reutilizar

History

#1 - 16/04/2010 01:50 - Yannick Warnier

- Subject changed from *Not are being validated the sessions, in some parts of the exercises* to *The sessions are not being taken into account in some parts of the exercises*

#2 - 22/04/2010 18:22 - Yannick Warnier

- Target version set to 1.8.7 RC1

#3 - 12/05/2010 11:08 - Julio Montoya

- Target version changed from 1.8.7 RC1 to 1.8.7

#4 - 17/05/2010 21:39 - Julio Montoya

- Assignee changed from Carlos Vargas to Yannick Warnier

I guess this one was already fixed:

In "Add this question to the test", the select show a list all the exercises in every session and base
I can't reproduce the error.

Do not know if this is a priority or it belongs to other proyect?

#5 - 26/05/2010 16:25 - Julio Montoya

- Status changed from *New* to *Needs more info*

- % Done changed from 0 to 50

IN the "Recycle" option I do not find a problem since there is an option to copy the entire question into a "session test". It seems ok to me.

What I did was to hide the option to "re use" a question. This is what we DON'T want. Is a good Idea to create COPY of the question and add it to the session test.

I think we should hide the "Re use" option (green cross) and leave the copy question(cd image) in the "Recycle question" option. This will simplify things for the teacher.

I don't think this is a good idea... If we remove the "re-use question", we are potentially going to generate a lot of copies of questions and make it impossible to fix a question in only one place.
But I agree that, right now, it is a problem.

Can you (this is a question, not a request) remove the option only visually, to make sure we can easily enable it again afterwards, if we consider it was a bad idea?

#7 - 27/05/2010 15:49 - Julio Montoya

yes I can remove/hide/comment the "re-use question" for courses. I already commented for sessions.

This is the state right now:

- Courses:
Re-use question + Copy question (cd)
- Session
Copy question (cd)

Considered fixed (for now). Let's see how users react.
